"Town lets us dangle" — Dr. Cuts

St. Albert protestant school trustee Dr. Wm. Cuts again expressed his growing concern at the lack of progress being made in the matter of the Forest Lawn replot, which, he says, "has been dragging on for five years now."

At last Wednesday's regular meeting of the school board, Dr. Cuts referred to an article in the July 21 issue of the Gazette, which reported on town council's discussion of resolution #43 of the Joint Use Committee.

The committee recommended to council that the combined school district property and the parks allocation located at Churchill Avenue and Cunningham Road be planned jointly as a recreation area. The resolution had carried 3-2 at the Joint Use meeting.

Council voted to table the recommendation until they "can be sure" the Forest Lawn replot is an "accomplished fact." And this is what concerns Dr. Cuts.

"The town keeps telling us that there is nothing to worry about, that the replot will go through," he said. "But I don't share that confidence. Time is passing, and we are left in a lurch. The town lets us dangle in mid-air till the last minute, and when that will be, I don't know," Dr. Cuts said, adding that in early spring the board had been assured there would be some definite word within 90 days. "We still don't know whether or not we have a high school site and it's now the middle of July," Dr. Cuts said.

Superintendent Elmer Gish said he had been advised by George Walker, of Walker Newby Associates, that the Anglican church had

agreed to co-operate with the re-plot. This approval by the Anglican Diocese gives the re-plot 91 per cent owner acceptance.

Mr. Gish stated that the school district's solicitor, A. N. McIver, is approaching the principals and that he does not seem to be too worried the re-plot won't go through.

Claims for compensation are before the public utilities board and their agenda is so crowded, it will be October before the matter can be heard, Mr. Gish said.

In the meantime the school district can't get the money to build the school till the contract is signed and the contract can't be signed until the district has a building site.

"We want to build our school, and suggest we approach the Public Utilities Board ourselves," Dr. Cuts said.

"Maybe we can persuade them to put our case on top of the pile," Trustees Davis and Penrose expressed some doubts that the PUB could be made to move faster but agreed to authorize Dr. Cuts and board chairman Charles Schroder to meet in an attempt to expedite matters. Trustees Schroder and Wiltshire were away on vacation and did not attend last Wednesday's meeting.

In answer to a query from Dr. Cuts, Mr. Gish said the architect, Jack Gardener, has returned from his vacation and is now working on detailed drawings of the new high school.

The development will be located in the area where Grenfell avenue will meet Gainsborough.

Help for crippled children

Did you know that help for a crippled child is readily available from the Shriners—

Anyone knowing of a family in need of such assistance is asked to pass along the information to any member of the Shriners or Masons.

In St. Albert, Bill Gordon 33 Belmont, is happy to be of service. Mr. Gordon said not enough people are aware

of the Shrine hospital for crippled children in Winnipeg, where many youngsters are cared for, at no cost to their families.

"If they want to give a donation, that's fine, but the Shriners' main concern is the health and happiness of these unfortunate youngsters," Mr. Gordon said.

Bill Gordon may be reached at 599-7826.

Mr. and Mrs. Nell Ross entertained at a Klondike Breakfast, Sunday, July 25. The guests, who arrived in gala Klondike attire, did justice to a hearty breakfast and then enjoyed the sunshine in the spacious yard. Posing for photographer Don Labelle are Dave Fraser, Marie Wolniwicz, Jim Byrne, Guy Raboud, Jack Flaherty, Bert Labelle, Alice Ross, Helen Raboud, Gerry Byrne, Nell Ross, Heather Smith, Ann Smith, Sadie Ross and Rose Fraser.

There was excitement on Mount Royal Drive last Thursday, when the pavement gave way under a backhoe which was being used in the extension of services. The equipment was pulled out the next morning.

Development proposals keep Council occupied

A proposal for a Shell service station in Forest Lawn property at Churchill and Fairview Blvd., was considered by council at their last regular meeting. Mr. Dawes, representing Shell had met previously with committee to present his case for putting in the station ahead of the proposed shopping centre for the area. The station was planned to include a car wash service, and Mr. Dawes said they were looking at development in 1975, with an investment of possibly \$50,000. In reply to the planner's position that the station should wait until the plan for the whole centre is in, he noted that in virtually all such shopping centres, the service station is a separate entity. He also felt that the population in the area "with an immediate potential of 600-700 residents" would support a service station in 1972 more easily than the entire centre, Shell purchased six acres of land, having in mind that other developers would be interested, and Mr. Dawes reported that two already are. He was "highly surprised at the planner's objections to the site, when it's C2 zoning allows a service station".

Councillor deBruijn asked Mr. Dawes "are you aware that the development to the north of the condominiums does not have direct access by road? So you are looking at 155 units at the moment". Mr. deBruijn felt the

development may be premature even in 1972.

Planner John Woodroffe said we must look at a total service to the neighborhood grocery, delicatessen, laundromat, drug store, etc., on a small site. "It is very important that this centre ties in with the character of the area", he went on, "St. Albert could be unique - we should look at it in its entirety, and I can see no justification in this piecemeal proposal". The planner agreed that the Shell proposal incorporated sound construction - "but this is like looking at a garage before the house". He was also concerned with the elevations and finishing of the rear of the station, which will be visible by most people in the area.

Councillor Lukay agreed that council should have a "total concept of the whole area, that will fit in with the total surroundings". Mayor Gibbon felt that a service station would in fact be more economically feasible in '72 than the balance of the planned centre. While agreeing that there were problems in the design proposed or the back end of the station he did not feel council should deny the application until proposal for the entire centre is in. "Services are not as good as they should be in the Braeside-Sturgeon area", he concluded.

Councillor Hudson moved that the Shell proposal be approved, pending completed drawings showing satis-

factory aesthetics. "It could be a long time before we have the shopping centre there" he said. His motion lost 3-2 with Gibbon supporting Hudson. deBruijn then moved that committee recommend to council approval of Woodroffe's recommendations, and that the station be considered when the overall plan of the shopping centre is submitted. This resolution carried 3-2. Vote at regular council on this resolution carried 4-1, with Mayor Gibbon opposed.

The proposal for a 100 unit Townhouse development by Integrated Building Corp. (under Grandin Park Developments) was given the green-light by a 5-0 vote at regular council meeting. Councillors had discussed the plans in committee with Mr. Armand Donalds, developers representative, and architect G. Yuzda. Recommendations of the planner had been met and the parking provisions were also reviewed.

"He has met with John Hrynew and the teaching staff of Paul Kane and good ideas emerged from these meetings", said Mr. Gish, adding that the architect expects to have the working drawings completed in September.

HAROLD SCHMIDT

The appointment has been announced of Harold Schmidt to the position of business manager of Sturgeon General Hospital. Mr. Schmidt is a native of Barrie where he completed his high school education. He has several years experience in business and financial institutions. Most recently, he was business manager of St. Joseph's Hospital, at Barrie, a position he held for five years. Mr. Schmidt is married and he and his wife Sharon make their home in the Lacombe Park district of St. Albert. There are two children in the family, a girl 3 and a boy, one year old.

Public school district to offer credits for religious courses

NOW!

Board chairman Dave Fraser advised trustees he has received a letter from Robert Clark, minister of education, granting approval for the district to offer religious studies courses 15, 25 and 35. Each course would carry three credits and the program could be implemented September 1, 1971, if desired.

Also at the July 19th meeting of the board of trustees, St. Albert public school district, superintendent of

schools, Vince Maloney, spoke on the school year. Mr. Maloney remarked that the department of education has approved two dates for examinations at the end of each semester. This could allow greater flexibility in establishing the school year.

In the event that the Albert Lacombe school is not completed by August 31, Mr.

Maloney advised that six temporary class rooms would be provided at Vital Grandin school to accommodate students from the Grandin Park area. These rooms would be under the jurisdiction of R. Binette, principal of Albert Lacombe school.

Trustees discussed the problem of excessive heat conditions in the westerly exposed rooms at Vital Grandin and Father Jan schools. It was suggested that some method be em-

ployed whereby some of these windows could be obliterated. The cost was considered and it was estimated that for Father Jan school it would require approximately \$3,200 to the westside of the north wing.

Trustees agreed to accept the superintendent's recommendation to have one room at Father Jan school remodelled immediately on an experimental basis. The results are to be reported back to the board within one month after completion.

The matter of the grant for religious education was tabled until a later date when more information might be available.

Dave Fraser and Vince Maloney are to meet with officials from the Sturgeon school division to review the tuition agreement presently in existence and make recommendations for its renewal.

Mrs. M. Leake and Mrs. S. Winkist appeared to speak to a letter submitted on July 15, 1971 asking for clarification of Secretary salary conditions. They maintained that 4% holiday pay should have been given at the end of the school year.

Mr. Fraser advised that a memo had been sent to all Secretaries in January 1969, stating the policy of the Board, whereby one work day per month should be considered as being allotted towards annual vacation and these would be taken during the Christmas and Easter holidays. The salary negotiating committee is to meet with the school secretaries to discuss their schedule.

Mr. McIntosh and Mr. Charnenko, architects, met with the board to discuss the matter of the leaking roof at St. Albert High. The architects told trustees they have been in contact with W. J. Bennett Contractors Ltd., in regard to this problem. Trustees agreed to consider a three way sharing cost plan with the architects and the general contractors to repair this roof.

Melvin Bosch was authorized to attend the outdoor education program at Hinton next month.

Next board meeting is August 23 at 7:30 p.m.

ST. ALBERT PROTESTANT SEPARATE SCHOOL DISTRICT NO. 6 PUBLIC NOTICE

The School Act, 1970 (Section 7)

BY-LAW NO. 2-71

By the Board of Trustees of the St. Albert Protestant Separate School District No. 6 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the St. Albert Protestant Separate School District No. 6, of the Province of Alberta, that the sum of Thirteen thousand two hundred seventy DOLLARS (\$13,270.00) should be borrowed on the security of the said District by issue of debentures repayable to the bearer in 25 consecutive annual instalments with interest at the rate of not more than nine per cent (9%) per annum for the purpose of making structural changes in:

Robert Rundle Elementary School Improvements to	
Art Room - ceiling	\$ 605
- lighting	365
Paul Kane High School	
Extend staff room	1,800
Convert Commercial Electives	
to ancillary for art	1,500
Convert 3 ancillary classrooms	
behind the stage to library	6,500
Convert existing library to	
classroom and teachers work	2,500
room	
TOTAL	13,270

THEREFORE, notice is hereby given by the Board of the said School District that unless a poll of the electors of the said School District for and against the said debenture loan is demanded, as provided by Section 104 of The School Act, 1970, the said Board will apply to the Local Authorities Board for authority to borrow the said sum by issue of debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

William A. Penrose,
Chairman.

Dated at St. Albert
this 21st day of July 1971.

INSTRUCTIONS TO ELECTORS PETITIONING FOR A NOTE ON A MONEY BY-LAW IN A SCHOOL DISTRICT - (Sections 2 (e), 3 and 104 - The School Act, 1970).

"Elector" for the purposes of petitioning for a vote on a debenture by-law means a person:

- (i) 18 years of age or older
- (ii) who is a Canadian citizen or British subject, and
- (iii) resident, in the case of petition, in a district or division for at least 12 months immediately preceding the day of which the petition is presented;

A poll respecting the aforementioned borrowing may be demanded in a School District by preparing and submitting to the School Board a petition for a vote in accordance with the provisions of Sections 2 (e), 3 and 104 of The School Act, 1970.

- The petition must be signed by at least
- (a) 2 percent of the electors in a district or division having 10,000 electors or more, or
 - (b) 5 percent of the electors in a district or division having less than 10,000 but 5,000 electors or more, or
 - (c) 10 percent of the electors in a district or division having less than 5,000 electors but 500 electors or more, or
 - (d) 15 percent of the electors in a district or division having less than 500 electors, and be filed with the Board within 15 days of the last publication in a newspaper of the public notice of the proposed debenture borrowing.

WIT, WISDOM AND WHIMSY

The efficiency expert asked a civil servant: "What do you do here?"

The clerk answered "I don't do a thing."

The expert asked another clerk, and got the reply: "I don't do a thing, either."

"Just as I thought," said the expert. "Duplication."

In the bakery, the proprietor's daughter stood guard behind the cream puff counter. "Aren't you tempted to eat them?" asked a friendly customer.

"Of course not," replied the little girl with dignity. "That would be stealing. I only lick them."

Around Town

The local refreshment store seemed to be busier than usual, Thursday evening. One customer was overheard to remark to the cashier: "Your boss Harry (Strom) cost me a bottle of Scotch today." "You're not the only one," came back the answer, as the man on duty gestured towards the customers, many of whom appeared to be paying off their bets.

Alberta Youth Chorus prepares for "Summer Showcase"

Members of the Alberta Youth Chorus and the choir directors' workshop began arriving on July 18 to take part in the 13th provincial Summer Music Workshops which are being held on the campus of the Camrose Lutheran College.

The Youth Chorus is divided into two performing groups - a Girl's Chorus under the direction of Paul Bourret and a mixed Chorus conducted by John Pauls.

Mr. Bourret is the Supervisor of Music, Edmonton Separate School Board, while Mr. Pauls serves as Assistant Supervisor of Music, Choral, on the Music Division staff of the Cultural Development Branch.

While attending the workshop, the Chorus receives instruction in the various facets of musicianship which include conducting, music interpretation, theory and score reading, and aural

perception. This latter phase of musical learning is under the direction of James Monro.

Besides preparing for their concert appearances, the Youth Chorus serves as a demonstration group for the Choir Directors' Workshop. Salli Terri and Dr. John Albertson are their instructors.

The Alberta Youth Choirs will first be heard in concert on Sunday, August 8th, at 2:00 p.m. in the Convocation Centre of the Camrose Lutheran College. Appearing on the same program will be the Alberta Concert Band and Symphony Orchestra. The public is cordially invited to attend this high-light as the Work-

shops present "Summer Showcase - 1971." There is no admission charge for the concert.

Following the program in Camrose the Alberta Concert Band and Symphony Orchestra together with the Alberta Youth Choirs will be heard at the Northern Jubilee Auditorium in Edmonton, on Tuesday, August 10th.

The Provincial Summer Music Workshops are an annual activity of the Government of Alberta, Department of Culture, Youth and Recreation, Cultural Development Branch. Mr. Robert E. Heuermann, Assistant Supervisor of Music, Instrumental, is the Director of Workshop activities.

Marie France Gaulin, daughter of Mr. and Mrs. Al Gaulin, 86 Sunset Blvd., is at Camrose, attending the Summer Music Workshops. Marie, who is 16 and a student at Academie Assomption, Edmonton, has been studying voice for five years. Her teacher is Jean Letourneau. She sings in the 125 voice Columbian Girls choir and is a member of the Columbian Squirrelettes, both are under the direction of Paul Bourret. She also plays the piano and studies theory.

Why condominiums?

If you can't buy a single family house all your own, buy the next best thing: a condominium that seems like a single family house. That sounds to be the likeliest explanation for what's been happening in the housing market in the last couple of years. Purchasers, many of whom say they would buy single family homes if they could afford them, are snapping up row-house con-

dominium units. But the apartment suite offered on the same terms of ownership has been a slow moving item for many builders. "People can associate row housing with home ownership but they find it hard to accept ownership on the 32nd floor of a high rise building," Bert Winberg, president, Rockport Holdings Ltd. Toronto, said.

Students of the St. Albert School of Dancing have been busy entertaining at the Edmonton Exhibition grounds. The children presented two shows Monday and will do two more Thursday, July 29 at 3 and 4 p.m.

Civil Service more militant

The federal government may soon be faced with a more militantly-minded public service ready to strike to get its way. There is growing evidence that increasing numbers of civil servants are choosing to fight their next round of collective bargaining with the strike weapon available to them as a last resort. If recent reports concerning such choices within the 142,000-member Public Service Alliance (PSA) are accurate, then by year-end, almost half the public service will have opted for conciliation including the strike weapon for its next round of bargaining.

PROGRESSIVE CONSERVATIVES PRESENT "PEOPLE BEFORE PARTY" POLICIES

- ➡ St. Albert is a unique community in Alberta. The Conservative Party believes it should be supported and encouraged as a community centre, keeping its own life-style, its historical background, and its independence, while developing near to a large city.
- ➡ The Conservatives believe the family farm has proved its worth and should be preserved as the most healthy base of our agricultural industry.
- ➡ The Conservatives believe in more authority and responsibility for Municipal Governments, which entails more financial resources for this level of government and its related Boards.
- ➡ The Conservatives believe the burden of education costs should be borne by general revenues, rather than by the property owners.

ERNIE JAMISON

Conservative Candidate

GO LOUGHEED GO JAMISON

The Conservatives have a hard-working, thoughtful, approachable leader who has rebuilt his party into a dynamic exciting alternative to a government now 35 years old.

The Conservatives have 75 candidates, qualified men and women from every walk of life, who are in action throughout Alberta, and out to win.

the Gazette REFLECTS

"Human Resources" may well be a borrowed title, such as others in use by the province, such as "Social Development" (whatever that means), which we first saw in the California press.

In any event, we have been snowed under with speeches and propaganda about Human Resources in Alberta. But where can we look to find out what has been done in the past 36 years?

Certainly not in the welfare department - where the humans seem to either Con the government or get beaten to the ground in red tape - depending on their individual natures.

If the province is truly interested in its human resources, why is rich Alberta almost completely minus kindergartens and day-care centers. Here are places where all children, regardless of background or means can be given the best possible start in life.

Why are so many areas, including Sturgeon Health Unit, short of psychiatrists, psychologists and psychiatric social workers? And mental health centers where guidance clinics are available? Why are so many of the old people, who worked hard and led honourable lives opening up our province, now reduced to living near the poverty line, sometimes losing their homes because their fixed incomes cannot support the high school taxes?

Perhaps the idea of human beings as "resources" is embodied in the phrase "Human Resources" is a root factor. Where you have a resource, the idea is to dump in some money and some profit comes out in short order.

But people need more than a money investment to bring out their potential. They need to be listened to by the governments who now reach into so many corners of their lives. They need their dignity and their privacy preserved. Sometimes they need only a little money, but a lot of understanding and encouragement to find their way, making their own mistakes and their own rewards.

People are not a "resource" to be "managed" by any government or institution.

CASEY at the BAT

Legal was sure a-swingin last week-end
At Fete Au Village each villager's your friend,
Everyone worked like a son-of-a-gun
And still found time for having fun.
For this kind of team work, Casey doffs his hat
When a whole darn community goes to bat.

Letters to the Editor

Trustees allowances questioned

Sir:

I read with interest in The Gazette that separate school board members have given themselves \$300 a day for out of town expenses at conventions and \$65 a day expenses for conventions close to home.

Good heavens, how will they ever get by on such paltry amounts-- Surely we can expect them to stay in first-class hotels and drink expensive liquor and eat gourmet meals, but on \$300 a day they'll have to go second class.

Come on gentlemen, don't be pikers, after all it's only taxpayers' money you're throwing about.

Being school-board members you don't have to get approval to spend lavishly after all, those footing the bills are only lowly, naive taxpayers--stick it to them, go whole hog.

As a separate school supporter, I'm not bright enough to think that you're lining your pockets at my expense. I don't think that you are nothing more than profiteers giving me a shafting. Good heavens, no.

I know that you need the money to make up for loss of income while working hard to make St. Albert schools better for my kids. I don't think for a minute that you are nothing more than a group of scoundrels.

I know that the two NAIT

instructors don't get paid while they're off-covorting at booze-ups--that's a synonym for convention, isn't it-- And how about the member who is self-employed, I'll bet he's losing a bundle while attending conventions.

I'm sure the good doctor's practice is just being run into the ground while he's spending that \$300 a day at conventions. The chartered accountant is also taking a beating, I'll bet.

There are a couple of things I'd like to know, though: How come that when these men were looking for election to the board they didn't mention that they'd increase expenses once elected? If they take \$300 a day and claim part of it is to make up for lost income, will they show me their statement of income for last year so that I'll know they're not making excessive payments to themselves?

Since the board has a lot of excess money laying around why not spend it on improving the school system--hiring an extra teacher for slow learners for example? That would be a sensible way to spend money but then none of us dim-witted taxpayers would ever take it upon ourselves to suggest that members of the school board do anything sensible.

Gordon Grant
17 Sylvan Drive.

AROUND TOWN

Signora Alba Gonzalez and her daughter Anna Maria from Santiago, Chile, are visiting at the home of Mr. and Mrs. Ken McCrimmon, 31 Belmont Drive. Signora Gonzalez and Mrs. McCrimmon are sisters.

Mr. and Mrs. Felix Hartmann arrived Saturday afternoon for a visit with their son and daughter-in-law, Horst and Milda Hartmann, and grand-daughter Evelyn, of 87 Grandora Crescent. They will leave again for their home in Wiedenbrück, West Germany, Aug. 27.

Mrs. Catherine McKercher and her daughter Helen, of Scone, Scotland, are visiting at the home of Mrs. McKercher's brother and sister-in-law, Bill and Rita Gordon, 33 Belmont Drive. The visitors will be here for five weeks and arrived just in time to see the Edmonton Klondike Days parade in which Mr. Gordon played in the Shriners Oriental Band.

Members of the St. Albert Senior Citizens club were guests at a Klondike tea party on the Westmount Mall Monday afternoon. The group was entertained by Patti James.

Teen Swimming

Dear Editor,

I wish to comment on what I think are unfair age restrictions at our swimming pool. Specifically, 13-year-olds are not allowed in for teen swimming. We pay the same admission price as other teens but are not allowed the extra privilege of teen swimming.

I have heard that the rea-

son is that 13-year-olds are not mature enough for teen swimming. I disagree with this. The 13-year-olds I know are certainly mature enough.

So, I ask that we are either allowed into teen swimming or have the price of admission lowered for us.

Sincerely,
Donald Downie,

Cement bugs

Dear Sir:

When I returned from holiday I read the discussion in the Gazette about the river valley and the proposed apartment development there. I appreciate the beauty of the countryside as much as the next man but I HAVE seen better landscaped river valleys than ours.

Even if the river valley were an apartment development, I would not catch me walking along the banks BECAUSE OF THE MOSQUITOES.

So far as I am concerned, if the mosquito control

program in future years is not going to be any more effective than it has been this year, the Town might as well concrete the whole area and be done with it. At the same time just a few thousand dollars more should be enough to concrete the slough on Grandin Road.

Maybe then, I could sit out in my own back yard during our three month summer without being bitten to death!

Norman G. Dolman,

JACKFISH — NORTHERN PIKE

The fighting jackfish provides sport for countless thousands of rod and reelers. Found continent-wide, it is abundant in marshy lakes where creeks and channels give access. A predator of other fish, frogs, muskrats and ducklings. Low brood counts obtained by biologists on "jackfish" infested marshes and examination of fish stomachs, indicate that they can be a factor in poor duck production in certain areas.

Think and Act Safely ON THE FARM!

Card of Thanks

We wish to express our gratitude to the members of the Morinville volunteer fire brigade, and to all the residents, many unknown to us, who did so much to help save the contents of the garage during the night of July 17th when fire completely destroyed our business premises.

We also wish to thank the residents of the town and district for help offered us.

To our many customers, we are grateful for your past patronage, and we hope to serve this town and community again soon.

Sincerely,
J. B. Motors,
John Rak and Robert Cox.

Barrhead Cardinals win Legal tournament again

For the second year in a row the Barrhead Cardinals have won the annual Legal baseball tournament with a easy-15-2 win over Legal. Barrhead started off strong with two runs in the first inning on a home run by pitcher Del Shafferick and then added three more in the second for a 5-2 lead. Legal scored their only runs of the game in the second on a double by Ray De Champ- lain scoring Brian McCon- aghy and Len Boisvert who both hit singles. Barrhead scored twice in the 3rd and 5th innings for a 9-2 lead and then wrapped it up in the 6th with 5 more. Legal threw in the towel at the end of seven complete in- nings as there was no way they were going to come back. It was their third game of the day with an opening 5-2 win over Morinville and an excellent 5-4 win over Westlock in the semi-finals. Saturday's original sched- ule called for 4 games but late starting due to the rain on Friday the 6 p.m. game against Legal and Morinville was put over to Sunday at 10 a.m. The opening game Saturday saw Redwater take Vimy 8-2 while Barrhead scored a close 4-1 win over the Alexander Braves. The final game on Saturday had Westlock come from behind to score a 7-3 win over Fawcett Pirates.

The semi-finals on Sunday had Redwater against Barrhead and Legal going against Westlock. In the first game both clubs were taking ad- vantage of errors and were tied 6-6 going into the 8th inning. Barrhead pushed across 2 runs to take a 8-6 lead but Redwater fought back with Charlie Bauer scoring in the 9th and run- ners on second and third with two away. Ray Far- ion struck out with a full

count to end the game with the Cardinals out in front 8-7.

Legal started off strong in their semi-final with West- lock scoring 4 big runs in the first inning. Westlock with the help of Legal mis- cues scored two in the 3rd and 5th innings to tie the game. Legal scored the win- ning run in the sixth with Duke McConaghy scamper- ing home from third on an over throw. McConaghy had singled and advanced to third on Ray Brissons single. Westlock threatened in the 6th but a fine double play ended the inning with run- ners on second and third.

Cubs take openers in playoff action

St. Albert Cubs take opening playoff games.

The Cubs under coaches Doug Millroy and Gordie Grant had little trouble with New Sarepta as they chalked up a 15-6 win in the opening game of the first round in the bantam provincial play- offs.

Cubs received excellent pitching from Tom Parayko as he allowed only 3 hits and struck out 11 batters. Both teams were tied 2 all after two innings but St. Albert picked up 3 in the third for a 5-2 lead. The Cubs finally found the range in the 5th as they scored 6 big runs on three hits, one a triple by Stuart Johnson. The Cubs were now ahead 11-2 and wrapped up their attack with 4 in the last inning.

New Sarepta scored 3 times in the seventh on a

Ray Wagner pitched the complete game for Legal while Len Garan took the loss.

A big hand has to go to Joe Nault and his gang for their fine effort on Saturday morning to get the field into half decent playing condition. At 10 a.m. there appeared no way the games would be played but with the help of some 300 gallons of gas and hard raking the field was playable at 2 p.m. On Sun- day the field was in excel- lent shape with only a min- or wet spot back of first. Excellent crowds watched all games with the stands being full at all times.

single and two Cub errors. Malt Lister, Guy Hill and Stuart Johnson had two hits each for the Cubs.

STURGEON LADIES GOLF NEWS

Anne Frechette and Jean Varner won one golf ball each in keeping with the Ladies Golf Club policy of rewarding each golfer who pars a hole with a ball. Ev. Grant had an excellent round of golf last week. She parred four holes and won four balls.

Prizes for the hidden hole #14 went to Ev. Grant and Anne Frechette who had the low and Stevie Donovan for the high.

Saints climb out of losing streak

The St. Albert Willow- brook Saints ended their 6 game losing streak with a 10-5 win over the Blue Wil- low Jrs. last Thursday in St. Albert. Saints bobbled the ball twice in the first innings and the Angels scored twice for a 2-0 lead. Saints first time at bat pro- duced three runs with Ed. Howorko hitting a double and scoring on Herb Sewers single. Larry Wolbeck was safe at first on an error and then both came home on two more errors. The Ang- els tied the game in the second when Ken Kitten hit an empty base homer over the right field fence. In the third winning pitcher Fred Ressler served another over the fence shot to Gord Gamble and the Angels were now leading 4-3. Saints turn at bat in the third produced two more runs on Sewers second single and Wolbeck getting on with an Angel error. Both came home on a sacrifice by Larry Mur- ray. Saints broke the game open in the 4th scoring 3

runs on a walk to Howorko and singles from Sewers Wolbeck and Wayne Biggs. Angels last run came in the 7th on a walk, error and a single. Saints added single runs in the 6th and Howor- ko's home run in the 8th gave them the win. Earlier in the week Saints lost a close 6-5 game to Burns Shamrocks and took a 9-3

thumping from first place see action this weekend in Weiler William Colts, Saints the Killian tournament.

Herb Sewers, St. Albert Willowbrook Saints top batter gets set to drive one of his three singles in leading the Saints to a 10-5 win over Blue Willow Jrs. last Thursday in St. Albert.

Bon Accord in top spot

Bon Accord moved one point ahead of Morinville in the battle for first place in the North Central Alberta baseball league as a result of a 3-3 tie with Namao. Morinville kept pace with a 8-6 win over Vimy while Horse Hills won their first League game of the year with a 9-8 win over Legal.

STANDINGS AS OF JULY 27

Bon Accord	7	3	1	15
Morinville	6	2	2	14
Alexander	6	4	0	12
Namao	4	4	1	9
Vimy	4	4	1	9
Legal	3	4	1	7
Redwater	3	5	0	6
Horse Hills	1	8	0	2

WHEN YOU'RE SMILING CALL FOR 'LABATT'S BLUE'

Ray Brisson of Legal was a busy man last Saturday morning, as Joe Nault's baseball committee was trying to get the field ready. The infield took some 300 gallons of gas to dry up the wet spots.

Saints equipment manager, Rene Pouliot looks at a happy bench as they were defeating Blue Willow Jrs. to end a 6 game losing streak.

ST. ALBERT RECREATION HI - LITES

SWIM CLUB:

Members of the St. Albert Salfish Swim Team once again did very well over the weekend.

A few representatives went to Drayton Valley, they were accompanied by coach John Graves.

Most of the team travelled to Calgary where they participated in meet hosted by Stanley Park. They came well ahead of the other 5 teams and brought home another handsome trophy as well as several of the individual age group trophies.

The results were as follows: First - St. Albert with 961 points; second - Stanley Park with 697 and half; third Hanna with 448. These teams were followed by High River 415, Turner Valley 345; and Cochrane 230 and half.

Locs. winners of aggregate trophies were: girls (8 and under) - Caroline Wilhelm; Maitred Kehoe was runner-up; boys (10 and under) - Brian McCaffrey (runner-up was Mike Sandomirsky); Denise Savioe was runner-up in the girls (10 and under) and Rod Wiltshire in boys (11 and 12); Neil Rae and Tom Kehoe tied for the boys (13 and 14) Barbara McCaffrey won the girls (15 and 16) and Letitia Sopchuk tied with Janet Droppo of Stanley Park to win the girls Open.

Next Saturday the team will travel to Edson. At the time of writing some transportation problems are being encountered. It is hoped that with the co-operation of parents these will be solved and that our young swimmers will all get a chance of participating in what promises to be another exciting meet.

SWIMMING:

Registrations for instructional classes in both swimming and diving will be held on Thursday, July 29 and Friday, July 30 in the clubhouse from 6:30 - 8:30 p.m. on each day. Times of classes at the different levels have been posted on the door of the clubhouse.

In response to many requests, a session of family swimming has been reinstated in the Sunday morning schedule. As well as family swimming on Sunday evenings from 6 - 7:30 p.m. there will be a session on Sunday mornings from 9 - 11 a.m.

On Sunday evenings from 9 - 10 p.m., masks, fins and snorkels will be allowed in the pool. Anyone wanting to use this type of equipment can do so at this time - it is not necessary to belong to the skin diving class to be eligible.

Although the mile swim

does not appear to be the challenge it once was, anyone wanting to test their powers of endurance should register at the pool and an opportunity will be arranged for them to swim the magic mile.

As Monday, August 2 will be a holiday, the Saturday schedule will be in operation. Public swimming 10 a.m. - 6 p.m. Family swimming 6 - 7:30 p.m. Public swimming 7:30 - 9:30 p.m. and teen swimming 9:30 - 10:30 p.m. (at which adults are always welcome).

The first session of instructional classes in August will start on Aug. 3. Classes will be held on the morning of Saturday, Aug. 7 and public swimming will start at 1 p.m. on that day, instead of 10 a.m.

SWIMFEST '71 is coming! Watch for further announcements.

Sturgeon Fastball League

STANDINGS

	Pts.
Stony Plain	26
C.J.D.	25
Panthers	23
Eagles	19
Atlas	18
Villeneuve	10
Manning	10
Calahoo	8
Grandin	4

Stony Plain Eagles scored a 5-1 win over Spruce Grove Eagles Monday night and the victory gave them first place in the Sturgeon Mens' fastball league by one point over C.J.D. Implements. C.J.D. shut out Villeneuve 12-0 Monday in St. Albert with Tom Reed picking up the win and catcher Larry Cote hitting a home run. Grandin Esso won their first league game of the season with a 19-7 win over Calahoo with Mike Hampel the winning pitcher and also going 5 for 5 at the plate. Hampel was at it again as Grandin won their second in a row with a 10-8 win over Atlas Aluminum. Hampel took the win and went 4 for 4 at the plate. The league schedule has now been completed and the standings are as follows:

Stony Plain Playboys and C.J.D. Implements will get a bye into the finals while Spruce Grove Panthers will play Atlas Aluminum and Spruce Grove Eagles will tangle with Villeneuve in the semi finals. The two winners will then engage in a series with the first and second place teams. Semi finals start tonight in Spruce Grove at 7 p.m.

Calahoo fastball tournament

University Physcs scored 4 runs in the sixth inning to defeat Town and Country 6-4 and win the A section of the Calahoo 8 team fastball tournament.

Park Hotel scored a close

2-0 win over Calahoo Chiefs to win the B section. Calahoo played well throughout the tournament and had a very fine 1-0 win over top rated Stony Plain Playboys in the semi-finals.

Mets lose opener to New Sarepta

Edwin Minch of New Sarepta struck out 19 batters to lead his team to a close 9-8 win over St. Albert Mets in the opening game of the Beaver provincial play offs. The Mets overcame a 3-0 deficit after two innings as they scored 5 runs in the third for a 5-3 lead. New Sarepta rallied for 3 in the fourth on a home run by Craig Henson to take a 6-5 lead. The Mets fought back and tied the game in 5th as Terry Leddy's triple drove in Paul Garrett. Both clubs scored twice in the 6th inning to force a 8 all tie going into the last inning. Mets managed to get a runner on first and second but could not get them in. With only one away pitcher Edwin

Minch hit a single to drive in David Hamly with the winning run and end the game. In the second game which will only be counted in the event one of the games in St. Albert is rained out this weekend, the Mets scored

ed 10 runs in the 5th inning to win 15-6. Winning pitcher Terry Leddy chalked up 15 strike outs. Mike Mitchell and Roy Galloway had run scoring doubles for the Mets while Kelly Peck had a home run for New Sarepta.

School Board Briefs

St. Albert protestant school district's new secretary-treasurer, George Hargreaves assumed his duties July 5. At last Wednesday's board meeting trustees formally approved his amended contract. Originally, Mr. Hargreaves was to start work in August.

The secretary-treasurer was instructed to make reservations for himself and five trustees for the ASTA convention, which will be held in Calgary after the October elections. Trustee Bill Penrose, obviously confident he will be re-elected to the school board in the upcoming local elections, revealed he has already made reservations for himself.

Reporting back to trustees on the theft problem at SAM, Elmer Gish said he had discussed this matter with school principal Rod Thronson and it would appear there is no place available to put lockers, except for the mudroom, and then only if the boot-shelves are removed. Trustees are still pursuing a resolution to this problem.

The monthly enrolment report shows a total of 2415 students registered in St. Albert protestant schools as of June 30.

Bill Penrose noted that a large number of new homes are opening up in the Mission area and with this in mind, the district may have to increase its bussing facilities. Trustees authorized Elmer Gish to act as he deems necessary in regard to student transportation.

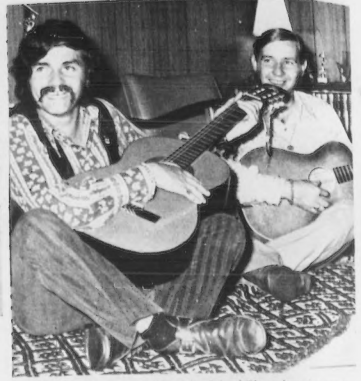

Next regular meeting of the board of trustees is September 8 at 7:30 p.m., in the board room at the district office. An August meeting may be called by chairman Charles Schroder if warranted.

Trustees again discussed the gym divider at SAM school, which has proved to be unsatisfactory. At the request of the board, architect Stan Hodgson has sent a letter to the manufacturer of the folding door. The district has not yet paid in full for the \$4,700 divider and may consider holding back payment until satisfaction is received.

Trustees received confirmation of the non-resident fees from the Edmonton Public School Board. Mr. Gish told the meeting St. Albert public school district and Thibault school district have expressed interest in this matter and a group meeting may be forth coming.

From Chile with love to Alaska, with a stop over in St. Albert!

Ariel Betancourt and Roberto Schmidlin enjoyed a rest at the Ken McCrimmon residence, 31 Belmont Drive, over the weekend, prior to resuming their journey which will take them from Concepcion, Chile, to Alaska.

Chilean world travellers stop over in St. Albert

The 1929 Dodge, which is attracting attention where ever it goes, is taking Roberto Schmidlin and Ariel Betancourt from Concepcion, Chile, on an adventure filled trip to Alaska.

Roberto and Ariel were accompanied by a father and son team when they started out on their journey, October 7th, 1967. The father was killed in an accident in California, after which the son did not wish to continue the trip.

Mrs. Ken McCrimmon, 31 Belmont Drive, read about the adventures in the daily press, and being from Chile herself, invited Roberto and Ariel to stay at her home over the week-end.

The pair left St. Albert Sunday afternoon, headed north to Alaska!

Card of Thanks

Sincere thanks are extended to all who helped in the Tea Room during Fete au Village. A special thanks to Mrs. Faye Middleton.

Mrs. Richard Hunting.

School officials ask for meeting with department of education

The Edmonton public school board has increased its tuition fees for non-resident students and the St. Albert protestant school district has appealed to the Alberta department of education for guidance and assistance in helping solve the serious difficulties this increase in fees is bringing about.

In a letter to Dr. E. J. M. Church, director of special education services, depart-

ment of education, and dated July 14, superintendent of schools, St. Albert school district #6, Elmer Gish writes:

"Since it is the policy of (this district) to meet the special needs of these children, who cannot be accommodated locally, by placing them in appropriate programs outside this district, the board of trustees is particularly concerned about the great increase in

fees for special classes, L. Y. Cairns school and W. P. Wagner high school."

"The department of education assists us substantially by providing 65 per cent of the tuition costs for students whom we send to Winnifred Stewart school, Robin Hood school, and Evelyn Unger school, but no support is given for students sent to special schools and classes in the Edmonton public school system."

"The board has instructed me to appeal through your office to the department of education for guidance and assistance in resolving this dilemma. It seems inevitable that essential educational opportunities will be denied to children outside the larger urban centers, require special programs and facilities, unless the government takes steps to provide additional grants for such purposes."

"We would appreciate an opportunity to discuss this matter with you or the minister of education as soon as possible. Since other school systems surrounding Edmonton are faced with a similar situation, I would suggest that a joint meeting be arranged," Mr. Gish concludes.

Bonnie Campbell was crowned Miss Fete au Village by last year's queen Irene Tieulle, at a dance held at Legal last Saturday evening. Judging the girls were Telma Everett, Barbara Hittinger (Miss Frontier Daze) and Jean Berube, a teacher from Falher. Bonnie was presented with a bouquet of flowers, a \$50. cheque, a charm - bracelet with the compliments of Simpsons-Sears and a trophy courtesy the Bank of Nova Scotia at Legal. All other candidates received \$15.

Legal looks back on fun-filled weekend

by Lucienne Montpetit.
Fun, hospitality and Cour-
eur de Bois costumes spell-
ed Fete au Village last
week-end in Legal. The annual
festivities attract a
growing number of visitors
to the small community each
year and last week-end some
8,000 people milled the
grounds both days, enjoying
the air of gaiety and friend-
liness which has helped
make the event a favorite
with families for miles
around.

In spite of the liquid sun-
shine Saturday morning, the
celebrations got underway
as scheduled. The weather-
man co-operated and it stop-
ped raining in time for the
large crowd to enjoy the free

street breakfast, which was
followed by a parade which
boasted some 53 entries, in-
cluding bands, majorettes,
horses, floats of many des-
criptions and decorated bi-
cycles.

Legal Welding won first
place with their attractive
float, second prize went to
Citadel Motors and the Chat-
eau Sturgeon entry placed
third. The Alberta All Girls
Drum and Eagle Band won
top honors in their section
and the most original entry
was Excelsior Agencies
(Hules Larose). Judged best
commercial float was the
Royal Bank of Canada entry,
from Morinville.

The winners of the decorated
bicycle contest were

Laurier Charrois, Bernad-
ette Coulombe and Rene
Kremer.

The Village of Legal was
host at a luncheon held at
the town hall for special
invited guests and visiting
dignitaries, Saturday.

Jos L'Heureux and Real
Champagne were winners of
the gate prizes at the
grounds.

One of the attractions
drawing large crowds was
the weight lifting demon-
strations put on by mem-
bers of the Edmonton Weight
Lifting Association.

The pit was kept red-hot
at the demolition derby
which ended with Leon Syl-
vestre taking first prize,
Roland Tieulle coming in
second and Phil Prefontaine
was presented with the
award for best sportsman-
ship.

The papoose doll, raffled
in the souvenir booth, was
won by Jeanine Rockwood.
Mrs. Middleton, the teapop
reader, was kept busy both
days looking into the future.

An estimated crowd of
1200 jammed the arena for
the Citadel Jamboree. Dur-
ing the program, which fea-
tured excellent entertain-
ment, the winner of the trip
to Hawaii was announced.
Happy Russell, of Edmonton
was happy indeed when he
heard his name called. He
bought his lucky ticket from
Leo Charrois. Frank La-
berge was awarded \$50, for
selling the most tickets.

A gigantic display of fire-
works brought the festivities
to a close on Sunday evening
and the energetic people of
Legal are all ready plan-
ning next year's Fete au
Village!

LEGAL LOCALS

The Girl Guides and
Brownies will hold their
paper drive Friday, July 30,
at 6:30 p.m. Please have
your bundles tied and ready
on your porch.

Mr. and Mrs. Emilien
Coulombe and family re-
turned last Saturday from
a motor trip to Mexico.

Congratulations to those

who participated in the Klon-
dike Days parade in Edmon-
ton. It was a great honor
for Legal to win 3rd prize.

Mr. and Mrs. George
Montpetit returned from a
nine week holiday which took
them to various points, in-
cluding Prince Edward Is-
land.

Dolores Giguere was fet-
ed at a miscellaneous show-
er held at the home of Mrs.
Frances Titiryn last
Monday. Dolores will be-
come the bride of Ronald
Shakoko on July 30.

VILLAGE OF DE LEGAL PROCLAMATION

By virtue of the authority vested in me pursuant to
Section 237 of the Municipal Government Act being
Chapter 246 R.S.A. as amended, I hereby proclaim
Monday, August 2, 1971 to be a civic holiday in the
Village of Legal.

Dated at Legal this 21st day of July, 1971
Leon St. Martin
Mayor of Legal.

Allan McDonnell's win Farm Family Award

The Edmonton Exhibition
Association has announced
the Farm Family Award to
Mr. & Mrs. Allan McDonnell
R. R. 1, St. Albert for the
Sturgeon district.

Certification will be pre-
sented to the Allan McDonnell
family during the Edmonton
Exhibition.

Now the whole district knows what these boys' families
knew all along. . . . they sure have a way with a
stack of pancakes! Michel Gagne and Danny Mahe won
the pancake eating contest at last week-end's Fete au
Village. The trophies were presented by Marie Charrois
on behalf of Les Femmes Chretiennes.

District 4-H members do well

Bernice McGillis, 12 year old daughter of Mr. and Mrs. Bud McGillis of R.R.I, Morinville, shows her prize-winning Hereford calf, Bernice, who is a first-year member of the Riviere Qui Barre beef club, won the Grand Champion award. The calf was bought by Woodwards Stores for the top price of 80 cents per pound, netting well over \$800.00 for its young owner.

The 4-H Beef Club from Riviere Qui Barre won the Grand Champion Award for the best 4-H Beef animal at Edmonton. The owner and trainer of the calf was Miss Bernice McGillis, a first year member. Our congratulations go to Bernice for an excellent job.

In addition to the Grand Champion Award, the Riv-

iere Qui Barre club was also awarded the best group of four animals.

It is to be noted that this is the first year for the 4-H Riviere Qui Barre club.

It has been drawn to our attention that 4-H'ers from the eastern section of the M.D. haven't been idle either.

Tom Bowman of the Namoos Beef Club was aw-

arded first prize for the pen-of-three competition; Janet Rigney, Bon Accord Beef club came second in Showmanship.

The competition with regards to the above awards was comprised of all 4-H Beef clubs in the Edmonton area.

Joyce Rigney from the Bon Accord 4-H Clothing club has just returned from a two week trip to Vancouver Island on a Royal Bank Interprovincial Exchange 4-H award trip she won last

fall.

Tom Bowman and Joyce Rigney will both be attending the Conservation camp to be held at Sundre in August, while Judy Abramski, Bon Accord Beef will attend the Goldkey Leadership camp.

Keep up the splendid work, boys and girls!

The same goes out to all 4-H leaders whose boundless energy makes results such as these possible.

Issued by the District Agriculturist's Office.

Allan Curtis weds Shirley Byer

by Rose Martel.

St. John Baptist R. C. Church in Morinville was the scene of a pretty afternoon wedding on July 24, when Shirley Byer of Edmonton, daughter of Mrs. J. Byer and the late Mr. Jim Byer of Brandon Manitoba, became the bride of Stewart Allan Curtis, son of Mr. and Mrs. Vincent Curtis of Morinville.

The Rev. G. H. Primeau officiated at the double ring ceremony, performed before an altar decorated with baskets of summer blooms.

Entering the church on the arm of her brother, Ronald Byer, of Brandon, Manitoba, the bride chose a gown of white imported organza, trimmed with Chantilly lace and blue ribbon bows. The gown featured a high neckline and long sleeves. The veil was a Cathedral length mantilla. The bride carried a bouquet of white carnations and blue tinted roses. The three bridal attendants were matching gowns of flocked

nylon in various shades. Mrs. L. Krauch, of Edmonton was Matron of Honor. She chose a pink gown with a high neckline and long cuffed sleeves. Mrs. C. Knoll of Cardiff, chose an aqua colored gown with scoop neckline and long sleeves. Colleen Knoll of Cardiff, the flower girl was in a gown of yellow.

Each had white accessories, and wore daisies in their hair. Summer bouquets completed the off fits.

The best man was Jerry Vervynck of Edmonton, and Terry Curtis also attended his brother. Ushers were Lucien Houle and Larry Krauch. Mrs. Leon Ripel was the organist.

For her daughter's wedding Mrs. Byer chose blue fortrel crepe ensemble with white accessories and blue tipped roses on corsage. Mrs. Curtis wore a pink shantung ensemble with seed pearl trim, and white accessories. Her corsage was of pink tipped roses.

A reception and banquet for some 80 guests followed at the Morinville Legion Hall. Terry Curtis was master of ceremonies and Chris Knoll proposed the toast to the bride.

After a short honeymoon trip to the south, Mr. and Mrs. Allan Curtis will reside in Edmonton.

Legal Gymkhana

A large crowd enjoyed the gymkhana held in Legal during the Fete au Village week end. Riders from through out the district were entered in the various events. Winners in the senior mens competitions included Rene Shank, pole bending; Jules Lamoureux, stake race; Lyle Lystang, Flag picking; Jules Lamoureux, barrel race.

Top riders in the ladies events included: Christine McCallum, pole bending; Cheryl Lystang, stake race; Christine McCallum, flag picking; Cheryl Lystang, barrel race.

In junior mens events the Campbells were very much in evidence with Terry winning the pole bending, Royanne winning the stake race and Jerry Lynn coming in first in the barrel race.

Brian George won the flag picking event. In competition for riders 12 years of age and under Crystal Harkins won the pole bending, stake race and barrel race. The flag picking event was won by Rolly Shank.

A big night in Namoos

Namoos district people turned out about 300 strong to kick-off their Klondike celebrations with a dance. The school auditorium was gaily decorated to set the K days scene, with colorful Can-can gals, silhouettes in old-fashioned theme, hanging displays of Silver Slipper saloon items, all done in imaginative and very effective style, under the direction of Jean Owilliam and Sandra Mullen. The men showed their talents with a lovely gold chandelier and fancy Klondike bar, built by a number of them at Glen Gabby's farm workshop.

Sheriff Jack Pearce ferreted out the gal with shortest Klondike costume, and Flia Macauley walked off with the prize. Other Klondike dollars went to Margaret Zima, for the prettiest hat, Colleen Crozier for first on hand, and Gladys McLay for the highest kicking chorus

girl. Thanks to arriving at the pre-chosen hour of 10:30 Donna and Laura Potter won some Black Velvet, very suitable for Klondike, courtesy of Percy Sutton.

Don and Dianne Nelson had star billing on the all-local floor show, with some solo performances and leading the crowd in Klondike favorite songs. Highlight of the show was the all-male kick line assembled on stage by Dianne. Showing some shapely legs and a variety of unusual dance styles, were Lyman Schultz, Ted Samis, Larry Paul, George Mullen, Roy Davis, Harold Paul, Jack Speers, Rick Dawes, Reg Nelson, Myles and Hank Apologies if we missed any of the Tah Rah Rah Boom-de-Aye crowd.

Genial Clay Croder, emcee for the evening, advises that proceeds of the big night will go to the Namoos School and Community League.

This successful Cochrane dairy farmer tells why

"ELECTRICITY IS BOOSTING MY PROFITS"

Mr. Jack Hawkwood has a dairy farm at Cochrane. He's President of the Calgary Fluid Milk Producers' Association, a Director of C.C.A. Provincial Milk Producers, and Dairy Food Service Bureau And he knows what today's farmers are facing.

"Economy. That's the big thing today. You can't run a pin-sized operation and make it go. Expenses are too high -- labour costs too much. I use electricity -- and keep my expenses down while expanding my operation. Increasing the size of my herd gave me a bigger profit margin -- but I didn't have to pay extra labour costs -- electricity reduces those costs. I can keep the herd healthy and maintain the highest standard of cleanliness with the help of electrical equipment. Yes, I use a lot of power -- couldn't afford not to! I think that it's one of the best bargains available."

See how you can Farm Better Electrically -- write or call your local Calgary Power representative and ask for our brochure "Electric Power and Dairy Farming."

CALGARY
POWER

New pig has heart, but not ham for man

Pigs, loyal friends of man since the Stone Age, now are giving their all in medical research.

The pig has a heart and circulatory system similar to man's, but conventional breeds are too large for laboratories.

To solve the problem, researchers developed a mini-pig. It weighs only 40 pounds at the age of five months. Another medical team devised a method of rapidly introducing advanced coronary heart disease in the mini-pigs.

The popular image of a pig wallowing in the mud, grunting at the trough, and snoring in the sun does it less than justice.

Besides contributing to medical research, pigs are superbly efficient meat factories. They store 35 per cent of the energy from their

food. In less than four months, a sow can produce a litter of eight or more piglets. The young are ready for market in just six months.

The versatile animals also have snuffed truffles, flushed game, helped in the West, paid off countless mortgages, and even entertained royalty.

When Louis XI was down in the dumps, nothing could cheer him up faster than a troupe of gaily garbed little French pigs dancing to bagpipe music. And that was nearly five centuries before Walt Disney.

The miniature and all other domestic species are descended from wild pigs that roamed from Europe to eastern Asia in prehistoric times. By the time of the New Stone Age, men had domesticated swine.

Long after the cave man gnawed his first pork chop, pigs still were performing a variety of jobs. In ancient Egypt, pigs were used to tread seed into the ground and thresh grain.

Inhabitants of the New

Forest in medieval England were forbidden to keep hunting dogs. But poachers trained pigs to point and retrieve snipe, partridges, rabbits, and other game. In southern France, trained hogs with sensitive noses still sniff out the delicious underground fungi called truffles.

Queen Isabella, who enjoyed hunting wild boars, supposedly encouraged Columbus to take hogs on his second voyage to the New World. Liberated in Cuba and by others later on the North American mainland, the pigs flourished.

Those early "woods hogs" were admirably suited to go westward with pioneers. The energetic, self-reliant razorbacks foraged for roots, acorns, beechnut, insects, and other forest foods. A contemporary account described them:

"They will go a distance from a fence, take a run, and leap through the rails three or four feet from the ground, turning themselves sideways. These hogs suffer hardships no other animal could endure."

The woods hog found the promised land in the Midwestern corn belt. A rich corn diet and careful breeding converted the wiry pig into the enormously fat "lard hog." With increased demand for lean hams and bacon, the lard hog was, in

Council was unanimous in voting against the annexation proposal of Arcana Agencies covering some 700 acres located east of Highway 2 north, and east of the present town limits. Mr. Blais of the Agencies was told by town planner at committee meeting July 12th, that the proposal is a departure from the twenty-year plan for the town. Speaking to his resolution that council do not act on the proposal at this time, the mayor said he believed it was premature, and there were at present too many unknown factors involved.

An offer to purchase part of the Boraph property, across the track from the fire hall, was made to Mr. J. R. LaFranchise, who wants it for bus parking and later buildings for storage and possibly servicing. In approving the plan in principle the mayor pointed out that the town is looking for buildings in this industrial area, to increase its assessment value.

Mr. J. J. Lyon was given a go ahead on his plan for a service industry near Western Plastics. The development, streamlined.

Whatever the size, pigs means ready money for farmers. Many a homestead has been saved from foreclosure by "hogging down the mortgage."

eloping is glass wall building for holding and storage of a variety of usual and exotic plants, which will be sold for commercial buildings. The project had the blessing of the planner and gained council's unanimous approval.

In granting Riverside Sales an extension of their business license to Dec. 31, 1972, council pointed out that no commercial zoning for the area was contemplated. Mr. Perrot had requested either rezoning of the river lot property to C3 or the extended license, until permanent quarters can be established.

Councillor deBorja recommended that council investigate various areas of disciplinary action to remedy what appears to be irresponsible sales pitches regarding parkland, which are emanating from some of these sales people who are selling real estate in St.

Albert. He expressed considerable alarm at the effect of what seems to be some totally irresponsible sales talk is having in a number of areas throughout the town. Council voted unanimously for his recommendation.

HI NEIGHBOR

Is there a mature lady in St. Albert with the occasional use of a car who would like to operate a prestige service in her spare time? No investment or experience necessary. Complete at home training arranged. No direct selling. Organizational ability and good knowledge of the community, churches, schools, etc., an advantage. Good return for small amount of monthly time involved. Interested Ladies please write for full details. Box H-263 (this paper.)

BON ACCORD ACTIVITIES

by Sadie Allen
Hugh and Ruth Cline entertained Mr. and Mrs. Wayne Torma of Deer Lodge, Montana, recently. Mrs. Torma, nee Marie Evans, was a former resident of this district and this was her first visit since she and her parents moved to the U. S. While here, she visited with former schoolmates Verna Morris, Irene Lewis and Walter Chubb, also old-timer Louis Neilson.

A farewell party was held at the home of Art and Alice Strawn on July 18 for Jim and Jean Nobbs who are moving to Creston B. C.

The B. A. 4-H Beef Club held their Achievement Day on July 19. Champion Steer went to Patrick Ferby, with Terry Batechuk winning Reserve Champion. For show-

manship, Champion went to Janet Rigney and Reserve to Larry Draper. Jean was also Reserve Champion in Showmanship. In Edmonton on July 20, For Best Grooming, Champion was Marsha Rigney with Kai Zuhling, Reserve Champion, Judging the animals was Mr. Duggan, Hereford breeder from Horse Hills. Judges for Showmanship were Rick Milligan and Cal Chubb; for Best Grooming, Dean Lewis and Donna Zinick.

Namoo

The Namoo United Church Sunday School will hold its annual vacation bible school from July 26 - 30th in the Namoo United Church from 9 a.m. - 11:30 a.m. All children of the community are welcome to attend.

Members from the 4-H Clubs in the district attended a 4-H rally held on July 13th at the Villeneuve Community hall in honor of a 4-H visitor from Quebec. Following a picnic supper and baseball game a dance was held in the hall.

Ringmaster was Keith Everitt.

On July 20, steers sold much better than in the last few years, with local people helping to boost the price. Calves were purchased by Triple R, Esso Service, Abrahams, Hugh Rigney and Taras Ferby.

Budding hockey players, Rob Hewitt, Dale Malanchuk, Warren Everitt and Dean Draper spent the past week attending Len Haley's Hockey School in Edmonton.

Hugh and Ruth Cline are holding open house at their home to celebrate their silver wedding anniversary on August 1. Friends are cordially invited to drop in between 2 and 5. In the event of rain, the celebration will be held in the Community Centre.

A farewell party for Bob and Irene Davis will be held at the home of Hugh and Jesse Rigney on the evening of July 31. For further information contact Lil Schick, Dorothy Rigney or Thelma Everitt. Everyone is required to bring his own mosquito spray.

Congratulations to Mrand Fleming on the birth of a daughter on July 15.

A large and enthusiastic crowd witnessed the Bon Accord Bantam Girls copp off the Northern Alberta Football championship in a round robin playoff involving Bon Accord, Strome and Kiscoty. In the first game, Bon Accord defeated Kiscoty. The second was a very close game which saw Strome emerge the winner over Kiscoty after 2 innings of overtime. In the third game Bon Accord won over Strome, while the fourth and fifth were split. A round robin playoff for Peace River, Northern Alberta and Southern Alberta for the Alberta Championship will follow.

Mrs. Wm. Mulligan held open house on July 25 in honor of daughter Kathleen and husband Jake Santrock's silver wedding anniversary. Earlier in the week she had as her guest her sister Edith Seards and husband and family from Illinois.

MORINVILLE MEMOS

The free chest X-Ray clinic is coming to Morinville Soon. The Femmes Chretiennes in co-operation with the United Church Ladies and C.W.L. members are contacting all those listed in the phone book. Any newcomers, or those without phone, may register for this free service by contacting the following:

Mrs. Germaine Beland at 256-3559; Mrs. Gabrielle Ricard, at 256-3197; Mrs. Borj Carlson at 256-3467 or Mary Hittinger at 256-2382. The dates of the clinic which will be held at the Morinville Rec. Centre, will be announced as soon as possible.

Four well known Morinville curlers participated in the Klondike Days bonspiel at the Balmoral in Edmonton last week. Skipped by Norman Meunier, with Frank

Volmer as third, Lawrence Fuch as second and Adolphe Boissonnault as lead, the boys stayed in competition for four games.

Frontier Jane, Muriel Krauskopf, and a group from Legal, entertained in Edmonton last week at the Caravan Hotel, Jasper Place and Bonaventure Hotels.

Mrs. Arthur Houle is back home after a stay in Sturgeon Hospital.

Morinville is happy to welcome Mrs. Angeline Gibeault and daughters formerly from the States. Mrs. Gibeault has been visiting at the home of her parents Mr. and Mrs. Ernest Houle. Mrs. Gibeault has taken up a position at the Morinville Town Hall.

X-Ray Clinics

Free mobile chest X-ray clinics will be held in the area in the next several weeks.

In Gibbons, clinics will be held at the Legion Hut, August 3 from 2:30 to 5 p.m., and from 6 to 8:45 p.m., and August 4 from 1 to 3:30 p.m.

Residents of the Bon Accord district are urged to

attend the clinics at the Bon Accord community centre, August 4 from 4:15 to 5 p.m. and 6 to 8:45 p.m., and August 5 from 1 to 2 p.m.

The mobile clinic will be at the Namoo United church, on August 5, from 3 - 5 p.m., and 6 to 8:45 p.m., and again on August 6 from 9 a.m. to 11 a.m.

Calahoo News

by Lis McLeod

The Calahoo sports association has done a fine job with the ball diamonds, (there are two now) and the recreation building which was erected recently adjoining the newly purchased cook house.

It is very conveniently situated between the two ball diamonds for good viewing. On Saturday the sports club held a dance in the evening at which the waitresses wore colorful Klondike costumes. On Sunday, the ladies of the Catholic parish were busy in the cook house serving goodies to a large turnout. Bingo was played in the recreation building and local people enjoyed meeting so many residents of the district.

Mrs. Mary Kremer, soon to be 30 years old, still is in good health and spirits and looking younger than ever.

Mrs. Bella Kramps and Mr. and Mrs. Oscar Campau enjoyed meeting their many friends again.

Many of the children who have grown and married and now have families of their own enjoyed the re-union at the Calahoo picnic.

Mrs. Alice McManara is enjoying her grandchildren and great grandchildren now that Shirley and husband Conrad Nordstrom from Manning are home at Kathleen and Stanley Walker's. Also visiting are the Nordstrom's daughters Shauna and Shelley.

Gordon and Agnes Cusht and baby daughter Tina enjoyed visiting their many friends. Gordon, who is presently employed at Grande Cache, played ball over the weekend.

Wilfred and Dolly Maj-eau's daughter Vivian and family are home for a week's visit.

Kerr Bros. are enjoying a visit with their brother Jim and Eileen Kerr and nephew Jim and Marian Irving, from Dumfries, Scotland, and their sister, Agnes Law of Toronto. While here, a get-together of family and friends was held at Cliff McLean's and Lil Bennett's at Pine Sands. A trip to Jasper was taken by all but Daphne and Alex.

Gordon and Emilia Schmermund enjoyed having Gordon's cousin Allan and wife Isabel Rehkopf from Ontario for a visit.

Marcel and Theresa Kerckhof went to Nisku to meet the plane bringing Marcel's cousins Mr. and Mrs. August Van Vooren from Knokke, Belgium and nephew Emmanuel Cocquyt and his bride from Brugge, Belgium. This is the Cocquyt's honeymoon trip to Canada.

The Van Voorens are presently visiting at Valérie's and Marcel is happily showing the young couple a good time and is planning a trip to Russel, Minnesota, to visit an uncle.

Joe Freitag's nephew's wife's sister, Anna and husband Richard are visiting Hans and Marianne Lummer and came out to Pine Sands as well, to visit with friends at their cottage.

Marcel and Theresa Kerckhof are the proud parents of a baby daughter, born in Stony Plain hospital, July 7th, weighing 7 lbs. and 10 oz. Diana Joanna Rosa is a sister for Louis, Jackie, Henry Denise and Mary.

Gary and Elaine Majeau (nee Quintal) are the proud parents of their first born daughter, Joel Lee, born in Edmonton General Hospital weighing 7 lbs. 14 ozs, on July 20. Her maternal grandparents are Pearl and Pee Wee Quintal and the paternal grandparents are Mr. and Mrs. Paul Majeau.

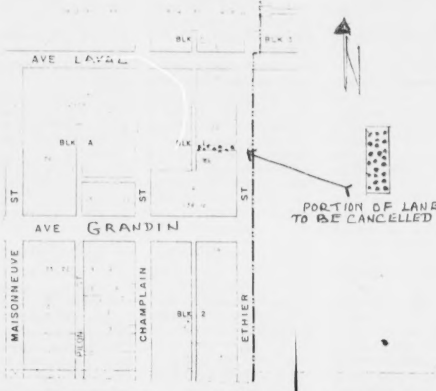

NOTICE

Town of Morinville

In accordance with Section 175 and amendments thereto of the Municipal Government Act, Chapter 68, Statutes of Alberta 1968, the Town of Morinville intends to pass a by-law for the purpose of closing and incorporating into a replotting scheme the following described public highway:

ALL that portion of East-West Lane lying between Lots A and 19 in Block 1, as shown on registered Plan VIII.1A in the Townsite of Morinville.

Any person prejudicially affected by the by-law may make application to the undersigned to be heard by the Council at a meeting to be held on Tuesday, August 24, 1971 at 9:00 P.M.

Paul E. Brochu,
Secretary-Treasurer.

A PAGE DESIGNED TO INFORM FARM READERS ON CURRENT AGRICULTURAL NEWS AND EVENTS AND TO SERVE AS A FORUM FOR EXPRESSION OF FARMERS' OPINIONS

Offer suggestions on rapeseed harvesting

Rapeseed Harvesting
by Western Canadian Seed Processors' Ltd., and issued by the District Agriculturist's office.

SWATHING SUGGESTIONS

(a) If the crop has germinated evenly, then there is a good chance that the maturity will be fairly even and the decision as to "when should I swath?" will not be difficult. If the crop during its growing period has been patchy and uneven, then the swathing time will have to be based on a "mean or average" condition of the whole field. On looking over the field, it will be noted that even in cool weather, the crop will mature rapidly and what may look like a fairly green crop one day, will take on a light golden color very rapidly, and in two or three days will be ready to swath. DO NOT WAIT TILL THE CROP HAS THE DEEP GOLDEN COLOR OF A RIPE WHEAT OR BARLEY FIELD. THEN YOU HAVE WAITED TOO LONG. If the general color tinge, of the field, is a light golden color, with still a greenish shade, approximately 30% of the seeds in the pods will have turned to a greenish brown, (some will already be black, some red, and some will have only a brown spot), then the crop is ready to swath. The pods at this stage will still be quite pliable and you will note that you can bend them somewhat, and they will not split open. At this time:

1. The swath is quite heavy and will settle into the stubble well, to reduce the danger of wind movement.
2. There will be very little, if any, shattering of the pods if the swath is rolled into the stubble.
(b) If possible use a self propelled swather. It will aid you greatly, and speed the work.
(c) Most of the trouble in swathing starts at the divider board. Make sure that the divider board is not "gatherling" the crop wider than the length of the knife.
(d) Use as fast a forward

ground speed as possible when swathing.

(e) Cut as high as possible, yet get all of the pods.
(f) Make sure the reel is not oversped.

COMBINING SUGGESTIONS

If maturing conditions are right, the whole field growth and ripening is fairly even, and green weeds are not a problem, then rapeseed can be quite successfully straight combined.

Most combining however is done from the swath.
(a) Be sure that the test sample is DRY (10.5 or lower) in moisture. DO NOT TAKE A CHANCE. IT IS EASIER AND SAFER TO DRY IT IN THE FIELD THAN IN YOUR BIN.

(b) Most shattering is done by the pick-up. Be sure that the speed of the pick-up is not too fast. The pick-up should turn fast enough to only lift the swath, so the combine may drive under it, and no faster.

(c) Generally, do not expect to travel too quickly while combining rapeseed.
(d) It is important indeed,

to SLOW THE CYLINDER DOWN. More problems are caused by excessive cylinder speed, than by any other single mal-adjustment. In very dry conditions, a speed of 600 to 700 R.P.M. will do a good job of threshing.

(e) The concave should be set as far open as possible, yet completely threshing.
(f) DO NOT SLOW THE CYLINDER BY SLOWING THE ENGINE. This will destroy all of the other setting of the machine.

(g) Sleeve adjustments are dependent on the straw and chaff conditions.

(h) Wind should generally be cut down greatly to allow the seed to be shaken out of the chaff.

Consult your machine dealers for proper combine settings and adjustments. With proper settings the seed should come from the combine whole and almost free of pods and chaff.

If you require any more information contact Wallace Klatt, District Agriculturist at Morinville. Ph. 256-3351.

"Silage Daze" coming up

The George Austin farm at Randville will be the site for "Silage Daze" to be held on August 10 and 11 from 11 a.m. to 4 p.m. daily. The program will be the same each day and will consist of swathing and harvesting demonstrations; fertilizer and yield demonstrations and discussion; producers' panel discussing the value of silage, machinery and equipment displays.

Free bus tours from the Edmonton area will be sponsored by the Edmonton and District Grassland Association in co-operation with the Alberta Department of Agriculture. The invitation is open to all bona fide farmers, their wives, and sons employed on farms, in the four D. A. districts around

around Edmonton. If you plan to take advantage of this service please let us know before Tuesday, August 3rd - (Ph. 256-3351)

Refreshments and lunch will be available.

For further information contact this office. Issued by the District Agriculturist's office.

Local Feed Inventory

Due to recent flooding in the Barrhead, Westlock and Sangudo areas, a number of farmers could be in need of feed for their livestock.

Farmers having feed supplies for sale are asked to contact the D. A.'s office phone 256-3351.

The list of people having hay for sale will then be submitted to Westlock, Barrhead and Sangudo.

More than four out of each five dollars worth of farm products are now produced on farms which have annual sales over \$10,000.

The United States is the third largest importer of agricultural products. The United Kingdom is first and West Germany is second.

Special precautions for handling foods

by Pat Prymak, District Home Economist.

At this time of year, with the presence of sunny days and shady groves many of us like to head for the great outdoors, to enjoy picnics, vacations, afternoon drives and patio suppers.

Are you and your family planning a picnic this weekend? If you are planning one there are a few safeguards you should remember when packing your picnic basket.

Did you know that life begins at 40° 40 Fahrenheit that is, for most bacteria. Bacteria like to grow and thrive in warm moist medium, like food.

You may have heard of somebody who has suffered from food poisoning caused by bacteria. Food poisoning symptoms are usually an upset stomach with severe pains, nausea and a general upset feeling. You can mistake food poisoning for acute indigestion, not realizing that it is careless food! preparation habits that has caused this ailment.

Food may become contaminated by harmful bacteria if exposed to such sources as:

1. An unclean kitchen or factory.
 2. Food handlers with unwashed hands, bad coughs, or infected cuts.
 3. Flies, insects and rats.
- These sources may carry contamination and transfer it to food. To prevent food poisoning, remember that - Cleanliness is probably the most important single factor in prevention of food poisoning.

Keep the following in mind when buying or packing your picnic foods:

- Buy from reliable grocery stores to ensure that food is clean and safe to eat.
- If you don't have a cooler consider freezing sandwiches for the picnic or motor trip. Then, just before you leave, remove sandwiches from freezer and place in the picnic basket.

Some suitable fillings that freeze well are cheese, sliced or canned meats, poultry fish and peanut butter. Avoid freezing fillings made from lettuce, tomatoes, cucumbers, chopped egg white, jelly or mayonnaise.

- Pack sandwiches and other picnic foods in small packages so the cold can penetrate each package more quickly when refrigerated.

- One way of keeping picnic sandwiches cold is to freeze unopened tins of apple or tomato juice and place them among the sandwiches in the picnic hamper. Wrap the cans in plastic bags or foil wrap to keep moisture that condenses on outside from wetting the food around them.

- Add plenty of pickles, vinegar, lemon juice, catsup or other acid foods to your sandwich filling mixtures because food poisoning bacteria does not grow well in an acid media.

- Foods that deserve priority on your menu are breads, soups or pickled meats, washed raw fruits and vegetables and most commercially canned foods.

- Keep cold food cold, and

hot food hot, until they are served. Lukewarm meals are ideal places for bacterial growth.

- Take care in preparing jellied salads, potato salad, chicken salad and sandwich fillings as no food is handled more in preparation than these salads.

With these precautions in mind you will have no worries about the danger of food poisoning.

So the keys to prevention of food poisoning are firstly: cleanliness - make sure hands and utensils are clean and secondly: that all picnic foods should be refrigerated immediately after preparation and kept as cool as possible until used.

Recipes for wholesome summer

The Homemakers
by Pat Prymak,
District Home Ec.

MAIN DISH SALADS -

This type of salad should provide protein to the diet, in the form of cheese, meat, fish, poultry or eggs. Hard-cooked eggs go well with other protein foods and may be served plain, pickled or devilled along with the meats.

Why not try one of the jellied salads listed below? These may be made ahead in the cool of the day, to emerge from the refrigerator at mealtime all ready to serve.

MOLDED TURKEY AND HAM SALAD - 10 servings.
4 beef bouillon cubes
2 envelopes, unflavored gelatin
2 c. cooked turkey (or chicken), chopped
2 c. cooked ham, chopped
1 c. mayonnaise or salad dressing
1/2 lb. onion, grated
1/2 t. salt
Leaf Lettuce

Dissolve bouillon cubes in water. Soften gelatin in 1/2 c. broth. Dissolve over hot water, add to remaining broth. Chill until slightly thickened. Combine turkey, ham, celery, mayonnaise or salad dressing, onion and salt. Add the slightly thickened gelatin and blend well.

Pour into a 2-qt. mold and chill until firm. Unmold and surround with crisp lettuce.

JELLIED HAM AND POTATO SALAD - approved by Canada Department of Agriculture Home Ec.

HAM LAYER.
2 c. diced cooked ham (about 3-4 lb.)
1/2 c. chopped celery
1/4 c. chopped green pepper
1/4 c. chopped fresh parsley
1/4 c. chopped onion
1 envelope, unflavored gelatin

1/4 c. water
1 and 1-2 c. chicken bouillon
1 t. lemon juice
dash pepper.

Combine ham and vegetables. Soak gelatin in water. Add bouillon and heat until dissolved. Add lemon juice and pepper. Chill until partly set. Fold in ham mixture and turn into 9 x 5 loaf pan.

POTATO LAYER
2 c. diced cooked potatoes
1/4 c. chopped celery
1/4 c. chopped green pepper
2 t. chopped green onion
2 t. clear French dressing
1/2 t. salt
1/2 t. pepper
1/2 envelope unflavored gel.

2 t. water
1/2 c. salad dressing
Combine first seven ingredients. Soak gelatin in water and heat until dissolved. Add to dressing. Add Dressing to potato mixture. Spoon over ham mixture. Chill. Unmold and serve on lettuce. Garnish as desired.

FARM SAFETY FIRST... LAST... ALWAYS

Japanese skiers

Who says freefloating trips don't pay off for their sponsors? A group of Japanese travel agents and ski-tour operators, apparently lured into the Alberta Rockies by cunning Occidentals, went home so thoroughly impressed that four of the travel agents have included the area in their travel packages for the next ski season.

Which, according to sources in Japan, should mean an influx of about 2,000 Japanese skiers. And if you think that's just about all the skiers there are in Japan, we have news for you. Tokyo alone has 3.5 million skiers among its populace; the country as a whole, 12.5 million.
